COMMITMENT TO THE PRODUCTION

We understand that there are other productions auditioning around the same time as *Grease*, and we completely support performers taking up opportunities within our local theatre community.

As part of the casting process, however, it is important that we understand any other productions you are considering that may rehearse during the *Grease* rehearsal period.

Being involved in or auditioning for another production will **not automatically affect your casting in *Grease***. We simply ask for honesty regarding your commitments so that the creative team can make informed casting decisions and plan rehearsals appropriately.

If you accept a role in *Grease* – whether principal, featured or ensemble – we ask that you are making a genuine commitment to the production and its rehearsal and performance schedule.

Please carefully consider your availability and other potential production commitments before accepting a role.

Grease

CASTING

We are looking for a dynamic cast of strong singers, actors and dancers who can capture the energy, humour and spirit of Grease.

Casting will be based on the requirements of the production and may take into consideration vocal ability, acting, dance/movement ability, character suitability, chemistry between performers, availability and the overall balance of the company.

We encourage auditionees to remain open to roles beyond their first preference. Grease is a true ensemble production, with featured opportunities throughout the show.

Every role contributes to creating the world of Rydell High, and we are looking for performers who are excited to be part of the production as a whole. All performers are encouraged to audition for the role that most resonates with them, regardless of traditional gender casting.

20 YEARS OF LIVID

We are so excited to celebrate our 20th year with such an iconic show and would love to have you along for the ride!
